# LA PLATA ARCHULETA WATER DISTRICT COUNTY OF LA PLATA, COLORADO 2023 ANNUAL REPORT

Board of County Commissioners County of La Plata, Colorado via Email mcaldwell@lpcgov.org County Clerk and Recorder La Plata County, Colorado via Email elections@co.laplata.co.us

Office of the State Auditor 1525 Sherman Street, 7th Floor Denver, Colorado 80203 via E-Filing Portal Division of Local Government 1313 Sherman Street, Room 521 Denver, Colorado 80203 via E-Filing Portal

Pursuant to Section 32-1-207(3)(c)(I), C.R.S., the La Plata Archuleta Water District (the "District"), and the Sundance Hills/Farraday Subdistrict No. 1 (the "Sundance Hills Subdistrict"), Foxfire Subdistrict (the "Foxfire Subdistrict") and Skyview Subdistrict ("Skyview Subdistrict" and together with the Sundance Hills Subdistrict and Foxfire Subdistrict, the "Subdistricts") of the District is required to submit an annual report for the preceding calendar year (the "Report") no later than October 1 of each year to the County of La Plata, Colorado (the "County"), the Colorado Division of Local Government, the Colorado State Auditor and the La Plata County Clerk and Recorder; the Report must also be posted on the District's website, if available. This Report provides Subdistrict information, as applicable.

For the year ending December 31, 2023, the District makes the following report:

- 1. **Boundary changes made**: The following parcels were included into the District and Sundance Hills Subdistrict in 2023: 5903-033-01-804 and 5673-144-04-804. There were no boundary changes made during fiscal year 2023 in the Foxfire Subdistrict or Skyview Subdistrict.
- 2. **Intergovernmental agreements entered into or terminated**: The District and Subdistricts did not enter into or terminate any Intergovernmental agreements during fiscal year 2023.
- 3. **Access information to obtain a copy of the Rules and Regulations**: The District's rules and regulations can be obtained on the District's website at <a href="https://laplawd.colorado.gov/about-us/documents/rules-and-regulations">https://laplawd.colorado.gov/about-us/documents/rules-and-regulations</a> or at the District's office at 255 Ute Street, Ignacio, Colorado 81137.
- 4. **A summary of any litigation involving public improvements by the District**: The District and Subdistricts are not aware of any litigation involving public improvements.
- 5. **Status of the construction of public improvements by the District:** The District has constructed approximately 37 miles of water mains to date. In 2023 there were three projects under design for construction: 1) Phase 2C- Water main

in CR 509 from CR 510 to Hwy 172; 2) Phase 2D- Water main in Hwy 172 from CR 509A to CR 513; and 3) Fox Fire Subdivision distribution system.

- 6. List of facilities or improvements constructed by the District that were conveyed to the County: There were no facilities or improvements constructed by the District or Subdistricts that were conveyed to the County during fiscal year 2023.
- 7. Final Assessed Value of Taxable Property within the District's boundaries as of December 31, 2023: The 2023 total assessed value of taxable property within the boundaries of the District and Subdistricts are:

a. District: \$394,352,450;

b. Skyview Subdistrict: \$370,930;

c. Foxfire Subdistrict: \$1,132,530; and d. Sundance Hills Sundance: \$1,926,450.

- 8. **Current annual budget of the District**: Attached as **Exhibit A** is a copy of the District's Budget for the current fiscal year 2024, which includes information regarding the Subdistricts.
- 9. Most recently filed audited financial statements of the District. To the extent audited financial statements are required by state law or most recently filed audit exemption: Attached as **Exhibit B** is a copy of the District's audited financial statements for fiscal year 2023, which includes information regarding the Subdistricts.
- 10. Notice of any uncured defaults existing for more than 90 days under any debt instrument of the District: No notices of any uncured default were issued during fiscal year 2023.
- The District's inability to pay any financial obligations as they come due under any obligation which continues beyond a ninety-day period: The District and the Subdistricts have been able to pay its obligations as they come due during fiscal year 2023.

Respectfully submitted this day of September, 2024.

LA PLATA ARCHULETA WATER DISTRICT

 $\mathbf{R}\mathbf{v}$ 

Edward C. Tolen, General Manager

## BUDGET MESSAGE FOR 2024 FOR LA PLATA ARCHULETA WATER DISTRICT

The La Plata Archuleta Water District's budget for fiscal year 2024 includes projected revenues and estimated expenditures for the year. The modified accrual basis of accounting and governmental funds are used in the preparation of this budget. Revenue is recorded when susceptible to accrual and expenditures are recorded when the liability is incurred.

The La Plata Archuleta Water District was organized in 2008. In accordance with its approved Service Plan, the La Plata Archuleta Water District will provide water service.

#### LA PLATA ARCHULETA WATER DISTRICT

#### **RESOLUTION TO ADOPT 2024 BUDGET**

WHEREAS, the Board of Directors ("Board") of La Plata Archuleta Water District ("District") has appointed a budget committee to prepare and submit a proposed 2024 budget to the Board at the proper time; and

WHEREAS, such budget committee has submitted the proposed budget to the Board for its consideration; and

WHEREAS, upon due and proper notice, published in accordance with law, the budget was open for inspection by the public at a designated place, and a public hearing was held on December 14, 2023, and interested electors were given the opportunity to file or register any objections to the budget; and

WHEREAS, the budget has been prepared to comply with all terms, limitations and exemptions, including, but not limited to, enterprise, reserve transfer and expenditure exemptions, under Article X, Section 20 of the Colorado Constitution ("TABOR") and other laws or obligations which are applicable to or binding upon the District; and

**WHEREAS**, whatever decreases may have been made in the revenues, like decreases were made to the expenditures so that the budget remains in balance, as required by law.

**NOW, THEREFORE, BE IT RESOLVED** by the Board of Directors of La Plata Archuleta Water District:

1. That estimated expenditures for each fund are as follows:

General Fund:	\$6,105,742
Sundance/Farraday Subdistrict No. 1 Fund:	\$ 57,081
Foxfire Subdistrict Fund:	\$1,087,003
Skyview Subdistrict Fund:	\$ 0

Total \$7,249,826

That estimated revenues are as follows:

#### General Fund:

From unappropriated surpluses	\$3,597,316
From sources other than general property tax	\$ 536,664
From general property tax	\$1,971,762
Total	\$6,105,742

Sundance/Farraday Subdistrict No. 1 Fund: From unappropriated surpluses From sources other than general property tax From general property tax Total	\$ \$ \$	28,2 1,7 27,0 57,0	64 47	
Fox Fire Subdistrict Fund:				
From unappropriated surpluses	\$	50,3	74	
From sources other than general property tax	\$1,	,000,9		
From general property tax	\$ 35,675			
Total	\$1,	,087,0	03	
Skyview Subdistrict Fund:				
From unappropriated surpluses	\$		0	
From sources other than general property tax	\$		0	
From general property tax	\$		0	
Total	\$		0	

- 2. That the budget, as submitted, amended and herein summarized by fund, be, and the same hereby is, approved and adopted as the budget of La Plata Archuleta Water District for the 2024 fiscal year.
- 3. That the budget, as hereby approved and adopted, shall be certified by the Treasurer and/or President of the District to all appropriate agencies and is made a part of the public records of the District.

#### TO SET MILL LEVIES

**WHEREAS**, the amount of money from property taxes necessary to balance the budget for general operating expenses for the District is \$1,971,762; and

WHEREAS, the amount of money from property taxes necessary to balance the budget for debt service expenses for the Sundance/Farraday Subdistrict No. 1 of the La Plata Archuleta Water District ("S/F Subdistrict") is \$27,047; and

WHEREAS, the amount of money from property taxes necessary to balance the budget for debt service expenses for the Fox Fire Subdistrict of the La Plata Archuleta Water District ("Fox Fire Subdistrict") is \$35,675; and

**WHEREAS**, the 2023 valuation for assessment of the District, as certified by the County Assessor, is \$394,352,450; and

**WHEREAS**, the 2023 valuation for assessment of the S/F Subdistrict, as certified by the County Assessor, is \$1,926,450.

**WHEREAS**, the 2023 valuation for assessment of the Fox Fire Subdistrict, as certified by the County Assessor, is \$1,132,530.

**NOW, THEREFORE, BE IT RESOLVED** by the Board of Directors of La Plata Archuleta Water District:

- 1. That for the purpose of meeting all general operating expenses of the District during the 2024 budget year, there is hereby levied a property tax of 5.000 mills upon each dollar of the total valuation for assessment of all taxable property within the District to raise \$1,971,762.
- 2. That for the purpose of meeting debt service expenses of the S/F Subdistrict during the 2024 budget year, there is hereby levied a property tax of 14.040 mills upon each dollar of the total valuation for assessment of all taxable property within the Subdistrict to raise \$27,047.
- 3. That for the purpose of meeting debt service expenses of the Fox Fire Subdistrict during the 2024 budget year, there is hereby levied a property tax of 31.500 mills upon each dollar of the total valuation for assessment of all taxable property within the Subdistrict to raise \$35,675.
- 4. That the Treasurer and/or President of the District is hereby authorized and directed to immediately certify to the County Commissioners of La Plata County, Colorado, the mill levies for the District, S/F Subdistrict and Fox Fire Subdistrict as hereinabove determined and set.

#### TO APPROPRIATE SUMS OF MONEY

**WHEREAS**, the Board of Directors of the District has made provision in the budget for revenues in an amount equal to the total proposed expenditures as set forth therein; and

**WHEREAS**, it is not only required by law, but also necessary to appropriate the revenues provided in the budget to and for the purposes described below, as more fully set forth in the budget, so as not to impair the operations of District.

**NOW, THEREFORE, BE IT RESOLVED** by the Board of Directors of La Plata Archuleta Water District that the following sums are hereby appropriated from the revenues of each fund, to each fund, for the purposes stated in the budget:

General Fund:	\$6,105,742
Sundance/Farraday Subdistrict No. 1 Fund:	\$ 57,081
Foxfire Subdistrict Fund:	\$1,087,003
Skyview Subdistrict Fund:	\$ 0
·	

\$7,249,826

### **Independent Auditors' Report**

Members of the Board of Directors La Plata Archuleta Water District

#### **Opinions**

We have audited the accompanying financial statements of the business-type activities of La Plata Archuleta Water District (the District) as of and for the years ended December 31, 2023 and 2022 and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of La Plata Archuleta Water District, as of December 31, 2023 and 2022, and the respective changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the La Plata Archuleta Water District and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the La Plata Archuleta Water District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the La Plata Archuleta Water District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the La Plata Archuleta Water District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise La Plata Archuleta Water District's financial statements as a whole. The supplementary information is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Littleton, Colorado September 26, 2024

Jayrie & Conysany

#### Management's Discussion and Analysis

This discussion and analysis is intended to be an easily readable analysis of the La Plata Archuleta Water District's (the District) financial activities based on currently known facts, decisions or conditions. This analysis focuses on current year activities and should be read in conjunction with the financial statements that follow.

This section provides a summary of the District's financial performance. It contains an overview and analysis of the District's financial activities for the year ended December 31, 2023. The financial statements are an integral part of this analysis and should be read in conjunction with this document.

#### **Financial Highlights**

- 1. The District began serving its first customers in January 2014. By the end of 2023 the District had sold 258 taps and was serving water to 220 customers, including master meters serving a 55-unit mobile home park and a 14 lot subdivision.
- 2. Currently, the District's primary source of income is property taxes that are the result of the 5-mill tax issue that passed in the May 2010 election. A total of \$1,810,898 in general property taxes and specific ownership taxes were received in 2023, an increase from the previous year of \$461,309. The fluctuation from year to year of the general property taxes is primarily due to the fluctuating price of natural gas and the severance tax associated with it. The District also collected \$204,049 in service charges and other customer paid fees as well as received \$34,520 in payments in lieu of taxes (PILT) from the Southern Ute Indian Tribe, which the District Board has designated to be used for the purchase of raw water.
- 3. The District has a contract with Colorado Water Conservation Board (CWCB) to purchase a portion of CWCB's allocation of water in Lake Nighthorse. Lake Nighthorse is the reservoir constructed as part of the Bureau of Reclamation's Animas-La Plata Project which is situated southwest of the City of Durango. The District has the option to purchase up to 2,500 acre-feet of water over a 40-year period. The District has acquired a total of 520 acre-feet of water for a total cost of \$1,800,338 as of December 31, 2023.
- 4. The District's total net position as of December 31, 2023 totaled \$18,590,201 including unrestricted net position of \$9,262,936. The District has restricted assets of \$43,354 for TABOR reserves and \$262,000 for bond reserve.
- 5. The District began construction of its water distribution system in late 2012 and has completed construction of approximately 37 miles of water mains. The District has capital assets of \$13,928,091 and prepaid cost of water of \$5,996,566. The prepaid costs of water include the design, construction and construction inspection costs associated with the expansion of the Town of Bayfield's Water Treatment Plant, which was completed in 2017.

- 6. The District formed the Sundance/Farraday Subdistrict No. 1 to facilitate construction of a water distribution system into three subdivisions that requested water service prior to the District's Capital Improvement Plan otherwise indicates. An election to authorize borrowing up to \$1,000,000 and setting a mill levy to service the debt was passed by the voters of the Subdistrict in 2017. Construction of the distribution system in the three subdivisions was substantially completed in 2019 and final completion was achieved in 2020. The mill levy is variable depending on the assessed value of real property in the Subdistrict and set to provide sufficient funds to service the loan.
- 7. The District also established the Fox Fire Subdistrict and the Skyview Subdistrict at the request of the property owners in 2021. The eligible electors of the Fox Fire Subdistrict approved a measure allowing the Subdistrict to borrow up to \$850,000 and repaying the loan through a variable mill levy on their property in November 2021. The design of the project was still in process at the end of 2023. The eligible electors of the Skyview Subdistrict did not approve a measure allowing the Subdistrict to incur debt and repaying the debt through a property tax mill levy.

#### Report Layout

Besides this Management's Discussion and Analysis (MD&A), the report consists of combined government-wide financial statements, notes to the basic financial statements, and required supplementary information including a budget comparison schedule. La Plata Archuleta Water District is a single fund entity whose primary function is to facilitate the construction of water distribution projects. Revenues and expenses relate to the core function of operating the District and its facilities. The basic financial statements of La Plata Archuleta Water District contain three primary statements: the Statement of Net Position, the Statement of Revenues, Expenses, and Changes in Net Position, and the Statement of Cash Flows.

The Statement of Net Position reflects the cumulative financial condition of the District at December 31, 2023, and the Statement of Revenues, Expenses, and Changes in Net Position show the change in financial condition from operations and other activities for the year then ended. The Statement of Net position and Statement of Revenues, Expenses and Changes in Net Position are reported using the economic resources measurement focus and the accrual basis of accounting.

## **Government-Wide Financial Analysis**

A comparison to the prior year is provided below. This section will discuss and analyze significant differences.

A condensed version of the comparison for 2023 and 2022 of the Statement of Net Position follows:

	<u>2023</u>	<u>2022</u>
Current Assets	\$5, 834,811	\$4,719,304
Capital Assets	13,928,091	14,012,406
Prepaid Cost of Water	5,996,566	6,329,455
Total Assets	\$25,759,468	\$25,061,165
Total Liabilities	\$5,134,817	\$5,507,416
Deferred Property Tax Revenue	\$2,034,450	\$1,595,118
Invested in Capital Assets, Net of related debt	\$9,021,911	\$8,708,886
Restricted	43,354	44,682
Unrestricted	9,262,936	8,919,063
Total Net position	\$18,590,201	\$17,958,631

A condensed version of the Statement of Revenues, Expenditures and Changes in Net Position follows:

	<u>2023</u>	<u>2022</u>
Operating Income		
Service Charges	\$204,049	\$179,343
T (1)	1 445 145	1 400 200
Total operating expenses	1,445,145	1,489,389
Operating Income (Loss)	(1,241,096)	(1,310,046)
Nonoperating revenues (expenses)		
Property taxes	1,644,269	1,212,334

Other income	3,951	19,651
Interest Expense and Debt Issuance Cost	(141,368)	(152,148)
Treasure Fees- La Plata County	(48,959)	(36,702)
Total nonoperating revenues	1,872,666	1,380,474
D 1 1 (11)	0	22 150
Developer donated lines	0	23,150
Change in net position	631,570	93,758
Beginning net position	17,958,631	17,865,053
Ending net position	\$18,590,201	\$17,958,631

The District was originally formed in August of 2008. A 5-mill property tax was approved by the voters of the District in May 2010. Approximately 50 to 80% of the District's property tax base consists of taxes from the production and processing of natural gas, the majority of which is tied to the commodity price of the natural gas. This can cause a large swing in the property tax revenue received by the District. There is a two-year lag between the sales of gas and when the District receives the property tax for those sales. For instance, the price of gas in 2021 is reflected in the property taxes received by the District in 2023.

Because the District is relatively new and currently serves few customers, the tax revenue is used to fund both operations and capital costs, until there is enough of a customer base to cover the operating costs. Any tax revenue that is available after operations and to pay any debt obligations is used for the capital construction program to continue expanding the water system and serving additional customers.

#### The District's Funds

#### General Fund

With the exception of the TABOR reserve requirements, the \$262,000 in bond reserves, and the PILT funds that are designated for the purchase of raw water, the remainder of this fund is available for operation and capital expenses.

#### **Capital Assets and Long-Term Debt**

Construction of the expansion to Bayfield's Water Treatment Plant began in 2015 and was completed in 2017. A total of \$8,322,243 was expended on construction, engineering design and construction management services for the project. Although this is not a capital asset that the District will own, it is part of an IGA with the Town of Bayfield that secures the District a long-term supply of treated water and is considered a Prepaid Cost of Water.

The District sold General Obligation Tax Bonds in 2013 in the amount of \$5,000,000 to help pay the costs of the Bayfield Water Treatment Plant Expansion Project. The current outstanding principal for those bonds at the end of 2023 is \$2,620,000. The District borrowed \$2,500,000 from the Colorado Water Resources and Power Development Authority to pay the costs of pipeline construction in 2016, 2017 and 2018. Although the District usually pays for pipeline construction with annual revenues, because the cost of the water treatment plant expansion exceeded the 2013 GO Bonds, the District felt that it was necessary to borrow the money to backfill revenues that would have been used for pipeline construction instead of the treatment plant expansion. The current outstanding principal on that loan is \$1,706,000.

The Sundance/Farraday Subdistrict No. 1 borrowed \$1,000,000 from the CWRPDA in Drinking Water Revolving Fund monies to fund the distribution system in the Sundance Hills and Farraday Subdivisions. The first principal payment due on this loan was made in November 2019 and left an outstanding principal of \$979,544. Because of a grant from the Colorado Department of Local Affairs that was obtained to help fund the project, only \$698,033 of the loan was required and it was reduced to that amount in 2021. The current outstanding balance of this loan is \$504,537.

#### **Future Plans**

The District will continue to construct more distribution pipelines and connect new customers for the foreseeable future. The expansion of the Bayfield Water Treatment Plant will provide the District with at least 750,000 gallons per day of treatment capacity and the District has currently only used about 100,000 gallons per day of that capacity. The District is also negotiating with the City of Durango for a joint water treatment plant that will utilize water that the District has acquired in Lake Nighthorse, primarily for the western side of the District.

#### **Financial Contact**

The District's financial statements are designed to present users (citizens, taxpayers, customers, investors, and creditors) with a general overview of the District's finances and to demonstrate the District's accountability. If you have questions about the report or need additional financial information, please contact Edward Tolen at P.O. Box 1377, Ignacio, Colorado 81137.

# Notes to Basic Financial Statements December 31, 2023 and 2022

### 1. Organization

La Plata Archuleta Water District (the "District") was formed by court decree on August 19, 2008. The District is an independent political subdivision operating under the statutes for special districts of the State of Colorado and has its own elected governing board members. The Sundance/Farraday Subdivision No. 1 (Subdistrict) was formed on March 9, 2017 to facilitate the construction of a distribution system into three existing subdivisions. On November 7, 2017 the eligible electors of the Subdistrict approved the Subdistrict to incur up to \$1,000,000 in debt and authorized a mill levy sufficient to service the debt. The Fox Fire Subdistrict and Skyview Subdistricts were formed on July 8, 2021 to facilitate the construction of a distribution system into the Fox Fire Subdivision. On November 2, 2021 the eligible electors of the Subdistrict approved the Subdistrict to incur up to \$850,000 in debt and authorized a mill levy sufficient to service that debt. The eligible electors of the Skyview Subdistrict did not authorize debt, or a mill levy to pay for the debt. The Subdistricts are governed by the District's board of directors and is reported as part of the District's operations.

The mission of the District is to finance, construct, operate, and maintain a public water distribution system in the southeast portion of La Plata County.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens, and fiscal dependency. Based upon these criteria, no entities were found to be includable within the reporting unit of the District.

## 2. Significant Accounting Policies

This summary of the District's significant accounting policies is presented to assist the reader in interpreting the financial statements and other data in this report. The policies are considered essential and should be read in conjunction with the accompanying financial statements.

The accounting policies of the District conform to generally accepted accounting principles as applicable to governmental units accounted for as proprietary enterprise funds. The enterprise fund is used since the District's powers are related to those operated in a manner

## Notes to Basic Financial Statements December 31, 2023 and 2022 (continued)

### 2. Summary of Significant Accounting Policies (continued)

similar to a private business enterprise where net income and capital maintenance are appropriate determinations of accountability. The District is constructing a public water distribution system that, when complete, will assess charges to its constituents for water usage by those constituents.

### Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Enterprise funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with the proprietary fund's principal ongoing operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The District reports all activity in one enterprise fund which is a proprietary fund type.

Certain prior year amounts have been reclassified for consistency with the current year presentation. These reclassifications had no effect on the reported results of operations.

#### **Budgets and Budgetary Accounting**

The District's Board follows these procedures in establishing the budget for the year:

- 1. In accordance with State statutes, prior to October 15, management submits to the Board of Directors a proposed operating budget for the calendar year commencing the following January 1. The operating budget includes proposed expenditures and the means to finance them for the upcoming year, along with estimates for the current year and actual data for the two preceding years. The state statutes require more detailed line item budgets be submitted in summary form. In addition, more detailed line item budgets are included for administrative control. The level of control for budgetary purposes is at the fund level.
- 2. Public hearings are conducted to obtain public comment.
- 3. Prior to December 31, the budget is legally enacted through passage of a resolution.
- 4. Management is required to present a monthly report to the Board of Directors explaining any variance from the approved budget.
- 5. State statutes require the adoption of a summary budget for proprietary funds.
- 6. Appropriations lapse at the end of each calendar year.
- 7. The District's Board may authorize supplemental appropriations during the year.

## Notes to Basic Financial Statements December 31, 2023 and 2022 (continued)

## 2. Summary of Significant Accounting Policies (continued)

#### **Deposits and Investments**

Colorado law authorizes the District to invest in obligations of the United States, State of Colorado, Colorado counties and school districts, repurchase agreements, financial institutions, and local government investment pools.

#### **Cash and Cash Equivalents**

For purposes of the Statement of Cash Flows, the District considers all highly liquid investments purchased with a maturity of twelve months or less to be cash equivalents. Certificates of deposit with maturities exceeding twelve months are also considered to be cash equivalents when early redemption charges would not be significant.

#### **Inventory and Prepaid Expenses**

Inventory is valued at cost using the first-in/first-out (FIFO) method and consists of expendable supplies and pipeline repair parts. The cost of such inventory is recorded as expenses when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid expenses. The costs of prepaid expenses are recorded as expenses when consumed rather than when purchased.

#### **Capital Assets**

Capital assets are valued at historical cost.

Depreciation of the water distribution system will be charged to operating expenses over its useful life when it is placed in service using the straight-line method.

#### **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

#### **Restricted Resources**

It is the District's policy to use restricted resources first when an expense is incurred for which both restricted and unrestricted resources are available.

#### **Net Position**

The District's Net Position is classified as follows:

<u>Net Investment in Capital Assets</u> – This category groups all capital assets into one component of net position. Accumulated depreciation of these assets and related debt balances reduce this category.

## Notes to Basic Financial Statements December 31, 2023 and 2022 (continued)

### 2. Summary of Significant Accounting Policies (continued)

<u>Restricted Net Position</u> – Restricted expendable net position includes resources in which the District is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties.

<u>Unrestricted Net Position</u> – Unrestricted net position represents resources derived from general District revenues. The resources are used to conduct the District's operations.

#### 3. Cash and Investments

The District's policy in determining which items are treated as cash equivalents include cash, demand deposits, treasury bills, and other short-term, highly liquid investments that are readily convertible to cash and have original maturities of twelve months or less.

Investments are reported at fair value which is determined using selected bases. Short term investments are reported at cost which approximates fair value. Securities traded on a national or international exchange are valued at the last quoted market price. Cash deposits are reported at carrying amounts which reasonably estimates fair value.

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. The eligible depository is required to pledge to the Colorado Division of Banking a pool of collateral having a market value that at all times exceeds 102 percent of uninsured aggregate public deposits. The eligible collateral is determined by the PDPA, which includes obligations of the United States, the State of Colorado, Local Colorado governments, and obligations secured by first lien mortgages on real property located in the state. PDPA allows the institution to create a single collateral pool for all public funds. The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The State Regulatory Commission for banks and financial services is required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

There is no custodial credit risk for public deposits collateralized under PDPA.

At December 31, 2023, all of the District's deposits were held in eligible depositories as required by PDPA. Accordingly, all deposits are either insured by the Federal Deposit Insurance Corporation (FDIC) or are collateralized as required by PDPA in accordance with state statute. Bank balances before outstanding checks, deposits in transit, and other reconciling items total \$441,800 and \$725,891 at December 31, 2023 and 2022, respectively. The carrying amount in the financial statements for these deposits is \$443,143 and \$697,553 at December 31, 2023 and 2022, respectively.

The District's investment policy requires that, in making investment decisions, the District exercise judgment and care considering the probable income as well as the safety of capital.

## Notes to Basic Financial Statements December 31, 2023 and 2022 (continued)

### 3. Cash and Investments (continued)

All investments allowed by Colorado statutes are considered by the District's policy to comply with this standard. This investment policy applies to the investment of all financial assets of all funds of the District over which it exercises financial control.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- Obligations of the United States and certain U.S. governmental agency securities, including securities issued by FNMA (federal national mortgage association), GNMA (governmental national mortgage association), FHLMC (federal home loan mortgage corporation), the federal farm credit bank, the federal land bank, the export-import bank, and by the Tennessee Valley Authority, and certain international agency securities, including the World Bank
- General obligation and revenue bonds of U.S. local government entities, the District of Columbia, and territorial possessions of the U.S. rated in the highest two rating categories by two or more nationally recognized rating agencies
- Bankers' acceptances of certain banks
- Certain securities lending agreements
- Commercial paper
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts
- Local government investment pools
- The investing local government's own securities including certificates of participation and lease obligations.

#### **Colorado Surplus Asset Fund Trust**

Included in cash and cash equivalents is \$3,253,569 (2023) and \$2,342,322 (2022) held in the Colorado Surplus Asset Fund Trust (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The Trust operates similarly to a money market fund and each share is equal in value to \$1.00. The Trust invests in U.S. Treasury securities, obligations of U.S. government agencies, and repurchase agreements collateralized by U.S. Treasury securities and obligations of U.S. government agencies. A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. Substantially all securities owned by the Trust are held by the Federal Reserve Bank in the account maintained for the custodial bank. The custodian's internal records identify the investments owned by the Trust. The pool is not required to be, and is not, registered with the SEC.

## Notes to Basic Financial Statements December 31, 2023 and 2022 (continued)

### 3. Cash and Investments (continued)

The Colorado Surplus Asset Fund Trust is rated AAAm by Standard & Poor's rating service. The custodian's internal records segregate investments owned by the Trust. CSAFE records its investments at amortized cost, which approximates fair value, and the District records its investment in CSAFE at amortized cost, which approximates fair value. There are no unfunded commitments, the redemption frequency is daily, and there is no redemption notice period.

Investments in local government investment pools are not categorized in terms of custodial credit risk since they are not evidenced by securities that exist in physical or book entry form.

The following is a summary of cash and cash equivalents:

	 2023	 2022
Bank deposits	\$ 443,143	\$ 697,553
Colorado Surplus Asset Fund Trust	 3,253,569	 2,342,322
	\$ 3,696,712	\$ 3,039,875

#### **Risk Disclosures**

Additional investment and deposit disclosures for credit risk, interest rate risk, and foreign currency risk, as required by GASB Statement No. 40, Deposit and Investment Risk Disclosures, are included below.

To minimize custodial credit risk, or the risk that an insurer or other counterparty to an investment will not fulfill its obligations, state law limits District investments to those where the issuer is rated in one of the three highest rating categories by one or more nationally recognized organizations that rate such issuers. The District has deposits in Colorado Surplus Asset Fund Trust. Colorado Surplus Asset Fund Trust is rated AAAm by Standard & Poor's.

The concentration of credit risk, or the risk of loss attributed to the magnitude of a government's investment in a single issuer, occurs when deposits are not diversified. District policy places no limit on the amount the District may invest in any one issuer; however, the District maintains general guidelines for investments to ensure proper diversification by security type and institution. All District investments are issued or explicitly guaranteed by securities of the U.S. government, or insured by PDPA, or are investments in external investment pools, and therefore are not subject to concentration of credit risk disclosure requirements.

Interest rate risk is the extent to which changes in interest rates will adversely affect the fair value of an investment. The District maintains an investment policy that limits investment maturities to three years as means of managing its exposure to fair value losses arising from increasing interest rates and to avoid undue concentration in any sector of the yield curve. Exceptions to this structure may be allowed where maturities can be structured to accommodate readily identifiable cash flows as approved by the Board.

Notes to Basic Financial Statements December 31, 2023 and 2022 (continued)

### 3. Cash and Investments (continued)

The District was not subject to foreign currency risk as of December 31, 2023 and 2022.

#### **Restricted Cash**

The District has established a reserve account in accordance with the Limited Tax General Obligation Bonds, Series 2013. The bond resolution establishes the calculation of the required reserve. The requirement has been met at December 31, 2023 and December 31, 2022 by cash of \$262,000 and \$286,000 respectively included in the bond reserve account.

### 4. Capital Assets

A summary of changes in capital assets in 2023 follows:

	Beginning				Ending
	Balance	Additions	Deletions	Transfers	Balance
Nondepreciable Assets					
Land	\$ 428,419	\$ 2,500	\$ -	\$ -	\$ 430,919
Construction in progress	160,543	33,556	-	-	194,099
Raw water supply	1,592,607	207,731			1,800,338
Total nondepreciable assets	2,181,569	243,787	-	-	2,425,356
Depreciable Assets					
Pipelines	12,716,994	28,655	-	-	12,745,649

Total	\$5,303,520	\$	-	\$397,340	\$	4,906,181	\$404,478

A summary of changes in long-term obligations at December 31, 2022:

	Beginning				Ending	Due Within
	Balance	Ad	ditions	Deletions	Balance	One Year
2013 Limited Tax						
General Obligation	\$3,085,000	\$	-	\$225,000	\$ 2,860,000	\$240,000
2016 CWRPDA Loan	1,941,695		-	116,675	1,825,020	119,020
2018 CWRPDA Loan	559,021		_	26,971	 532,050	27,513
	5,585,716		-	368,646	5,217,070	386,533
Unamortized premium	97,256		-	10,807	86,450	
Total	\$5,682,972	\$	-	\$379,453	\$ 5,303,520	\$386,533

#### **Limited Tax General Obligation Bonds - Series 2013**

Limited Tax General Obligation Bonds in the face amount of \$5,000,000 were issued at a premium of \$191,817 with a date of April 3, 2013. The interest rate varies from 2.0% to 4.0% payable semi-annually on June 15 and December 15. Principal is due and payable on December 15. Final maturity date is December 15, 2032. The District has covenanted to levy ad valorem taxes on all taxable property within its boundaries in amount sufficient to pay the principal and interest on the bonds, but not in excess of 2.5 mills. In the event that the District does not comply with continuing disclosure requirements, bondholders may seek necessary and appropriate remedy under law.

## Colorado Water Resources and Power Development Authority (CWRPDA) 2016 Note Payable

A note payable in the amount of \$2,500,000 was issued to CWRPDA during 2016. Payments, including interest at 2% per annum, of \$77,464 are payable on May 1<sup>st</sup> and November 1<sup>st</sup> through May 1, 2036. The District has covenanted to levy ad valorem taxes on all taxable property within its boundaries in amount sufficient to pay the principal and interest on the loan, but not in excess of 2.5 mills.

Notes to Basic Financial Statements December 31, 2023 and 2022 (continued)

### 5. Long-Term Liabilities (continued)

## Colorado Water Resources and Power Development Authority (CWRPDA) 2018 Note Payable

A note payable in the amount of \$1,000,000 (subsequently reduced by unspent note proceeds of \$301,967) was issued to CWRPDA during 2018. Payments, including interest at 2% per annum, of \$19,009 are payable on May 1<sup>st</sup> and November 1<sup>st</sup> through May 1, 2039. The District has covenanted to levy ad valorem taxes on all taxable property within the Sundance/Farraday Subdistrict in amount sufficient to pay the principal and interest on the loan.

Significant events of default under the loans include (i) failure to pay within 30 days, (ii) failure to pay principal and interest on any bonds, notes or other obligations, (iii) failure to meet financial or custodial agreement covenants, (iv) any representation made that is false or misleading in any material respect and (v) a petition is filed for bankruptcy or insolvency.

The total annual requirements to amortize the long-term debt are as follows:

Year	Principal	Interest	Total
2024	\$ 404,478	\$ 139,648	\$ 544,126
2025	402,483	127,719	530,202
2026	420,548	115,903	536,451
2027	433,674	103,502	537,176
2028	451,864	90,687	542,551
2029-2033	2,144,449	233,192	2,377,641
2034-2038	554,221	23,186	577,407
2039	18,821	188_	19,009
	\$4,830,537	\$ 834,025	\$5,664,563

On November 1, 2011, the electors of the District approved the incurrence of debt not to exceed \$25,000,000. \$7,500,000 of this authorization has been issued with \$17,500,000 remaining as authorized, but not issued. On November 7, 2017, the electors of Sundance/Farraday Subdistrict approved the incurrence of debt not to exceed \$1,000,000. The full \$1,000,000 was issued during 2018.

Remainder of page intentionally left blank.

## Notes to Basic Financial Statements December 31, 2023 and 2022 (continued)

#### 6. Contractual Matters

#### Town of Bayfield

The District entered into an intergovernmental agreement with the Town of Bayfield (the Town). Pursuant to this agreement, the District paid costs to expand the water treatment plant owned by the Town in the amount of \$8,322,243. The plant was placed into service in 2017. The plant will continue to be owned and operated by the Town.

The District participates in the operating and maintenance costs of the expanded plant. The District will also provide its share of raw water to the treatment plant.

The Town will provide treated water to the District which the District will distribute to its users through the District's distribution system.

The costs paid by the District that are associated with the expansion of the Town's water treatment plant are reflected in the Statement of Net Position as Prepaid Costs of Water. These prepaid costs are being amortized over 25 years from the date the expanded water treatment plant was placed in service to match the costs of providing water to the revenues generated. If the agreement is terminated prior to 25 years after the date the expanded water treatment plant is placed in service, the Town will reimburse the District for the unamortized costs of the expansion. Amortization of these costs commenced in 2017. The following is a schedule of costs and related amortization at December 31, 2023 and 2022.

8,322,243	8,322,243
	, ,
(2,325,677)	(1,992,788)
\$5,996,566	\$6,329,455

Amortization of prepaid water costs was \$332,889 (2023) and (2022).

If neither the Town nor the District terminates the agreement at the end of its term (including renewals if applicable), the agreement renews for additional terms of five years.

#### **Colorado Water Conservation Board**

The District has entered into a contract with the Colorado Water Conservation Board to acquire long-term municipal and industrial water supply. The agreement provides the District with the option to acquire up to 2,500 acre-feet of water stored in Lake Nighthorse. The agreement provides that the District may acquire additional acre-feet of water supply until the cumulative supply acquired equals the allotted 2,500 acre-feet of water. The minimum purchase each year is the lesser of 60-acre feet or the remaining allotment of the 2,500 acre-feet. If the District fails to exercise its option for two consecutive years the Colorado Water Conservation Board may terminate the agreement. The agreement expires when the District acquires its full allotment or in the year 2054 if the District has not acquired its full allotment.

## Notes to Basic Financial Statements December 31, 2023 and 2022 (continued)

### 6. Contractual Matters (continued)

During 2023 the District acquired 30 acre-feet of state depletion, or 59.9 acre-feet of state supply allocation for \$207,731. During 2022 the District made no purchase. Cumulative purchases through December 31, 2023 total 260 acre-feet of state depletion, which corresponds to 520 acre-feet of state supply allocation, at a cost of \$1,800,338.

## **Pine River Irrigation District**

The District leases 200 acre-feet of water per year from the Pine River Irrigation District. Leased water and standby water is billed per acre-foot plus a required surcharge. The lease does not have a stated expiration date. The District paid \$34,311 (2023) and \$34,423 (2022) pursuant to this agreement.

#### 7. Retirement Plans

#### 401(a) Retirement Plan

The District provides a 401(a) retirement plan for eligible District employees through the Colorado County Officials and Employees Retirement Association (CCOERA) (the Plan). The Plan is a defined contribution money purchase plan. Employees participate in the Plan after 90 days of employment. The employees and the District each contribute 5% of gross wages. The District's contributions for each employee plus earnings are fully vested after five years of continuous service. District contributions and related interest forfeited by employees who leave employment before fully vesting are returned to the Plan to reduce future retirement requirements. The District contributed \$14,613 (2023) and \$12,727 (2022) to the Plan.

#### **Deferred Compensation Plan**

The District has a deferred compensation plan (the Plan), administered by CCOERA, and created in accordance with Internal Revenue Code Section 457. The Plan permits the District's employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Participation in the Plan is optional. There have been no contributions to the 457 plan.

All amounts of compensation deferred under the Plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are (until paid or made available to the employee or other beneficiary) held for the exclusive benefit of the participants or their beneficiaries. The District has no ownership interest in the Plan, nor is the District liable for any losses under the Plan.

## Notes to Basic Financial Statements December 31, 2023 and 2022 (continued)

### 8. Tax, Spending and Debt Limitations

In November 1992, the voters of Colorado approved Amendment 1, commonly known as the Taxpayer's Bill of Rights (TABOR), which added Section 20 to Article X of the Colorado Constitution. In general, TABOR restricts the ability of the State and local governments to increase revenues and spending, to impose taxes, and to issue debt and certain other types of obligations without voter approval. TABOR generally applies to the State and all local governments, including the District.

Some provisions of TABOR are unclear and will require further judicial interpretation.

No representation can be made as to the overall impact of TABOR on the future activities of the District, including its ability to generate sufficient revenues for its general operations, to undertake additional programs, or to engage in any subsequent financing activities.

TABOR also requires local governments to establish emergency reserve funds. The reserve fund must consist of at least 3% of fiscal year spending. TABOR allows local governments to impose emergency taxes (other than property taxes) if certain conditions are met. Local governments are not allowed to use emergency reserves or taxes to compensate for economic conditions, revenue shortfalls, or local government salary or benefit increases. The statement of net position carries a balance of \$43,354 (2023) and \$44,682 (2022) restricted for emergencies.

On May 4, 2010, the District's constituents voted to authorize a 5.0 mill levy rate and to exempt the District from the revenue limitations included in TABOR.

TABOR is complex and subject to interpretation. Ultimate implementation may depend upon litigation and legislative guidance.

The District believes it has complied with all aspects of the TABOR amendment.

### 9. Risk Management

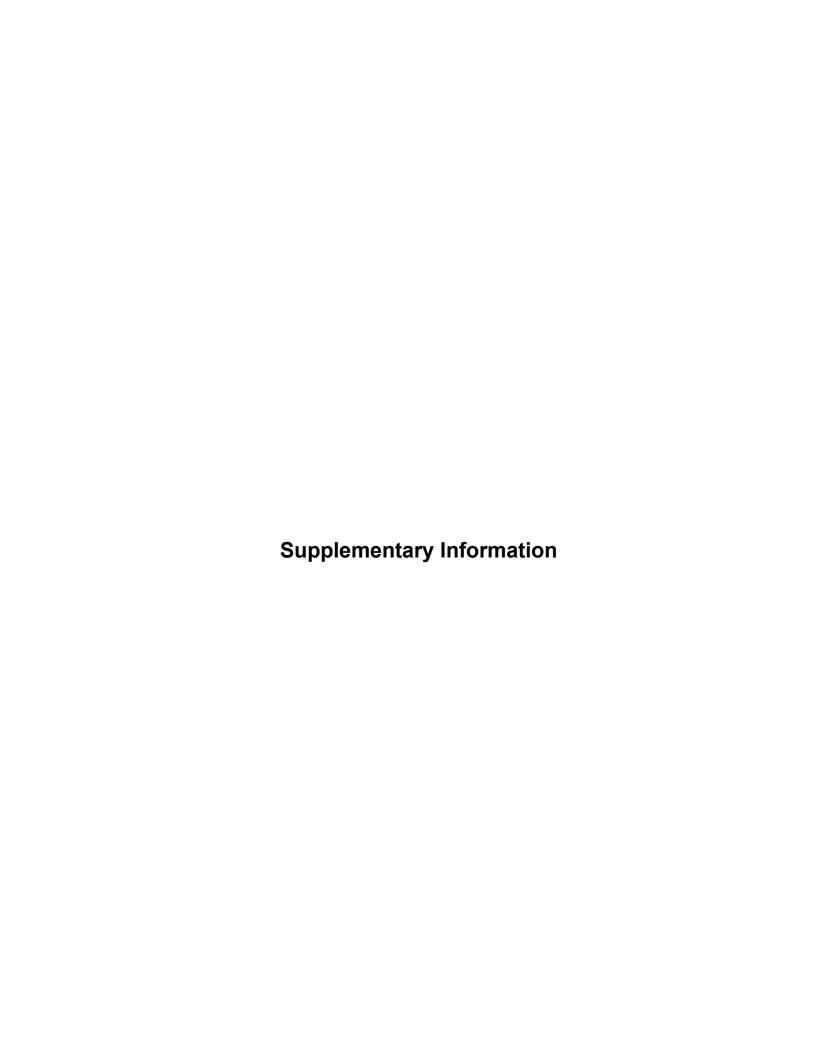

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omission; and general liability. The District is a member of the Colorado Special District Property and Liability Pool ("Pool") for property and liability insurance.

The Pool was formed by an intergovernmental agreement to provide public officials, property, general and automobile liability coverage for claims up to \$1,000,000, except if the claim falls within the government immunity statute, then the coverage is \$150,000 per person and a \$600,000 aggregate claim. The Pool is reinsured for 80% of the first \$250,000 of all claims and 100% for claims in excess of \$250,000. The District may be required to make additional contributions in the event aggregate losses incurred by the Pool exceed amounts recoverable from reinsurance contracts. Any excess funds, which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula. Any settled claims are not expected to exceed coverage.

Notes to Basic Financial Statements December 31, 2023 and 2022 (continued)

## 10. Subsequent Events

The district has evaluated subsequent events through September 26, 2024 the date that the financial statements were available to be issued.
